SEAL SHIELD™ Silver Seal Waterproof Keyboard

100% Waterproof • Spillproof • Dishwasher Safe • Guaranteed

Dishwasher Safe
The original Dishwasher Safe Keyboard. Seal Shield™ waterproof technology (Patent Pending). Fully submersible and manufactured to rigorous IP-68 waterproof standards.

Rugged and Durable
Manufactured from non-corrosive components including high-grade ABS plastic, stainless steel screws, aluminum stabilizers and 24k Gold USB connector. Laser etched keys will not fade, even from cleaning with mild abrasives. Certified manufactured with no hazardous substances (RoHS compliant). Medical Grade.

8-Foot USB Extension Cable Quick Disconnect™ USB Cable with Seal Cap™

Easy to Use. Easy to Clean.
Plug n' Play USB connection for easy installation. The exclusive Quick Connect™ feature makes disconnecting your keyboard a snap. Includes USB extension cord to connect from Quick Connect to the computer. The Seal Cap (Patent Pending) protects the Gold USB connector from water intrusion during washing.

Natural Look and Feel
Comfortable typing with a classic look and feel. True type keyboard with full travel keys makes typing smooth and easy.

Guaranteed Quality
100% Waterproof Guaranteed. Rugged and built to last. 1 Year Limited Warranty. Good Housekeeping Guarantee.

100% Waterproof — Guaranteed
The Seal Shield™ electronic water proofing process (Patent Pending) makes the keyboard spill proof, fully submersible and dishwasher safe. The exclusive Seal Cap™ (Patent Pending) protects the Gold USB connector. The Seal Shield™ Keyboard is rugged and safe and is backed by a 1 Year Limited Warranty.

Family Friendly
We love our kids, but kids can be hard on keyboards. Seal Shield™ keyboards are safe and can stand up to whatever little ones can dish out. When you have a family, spills, runny noses and coughs are a way of life. Kids don't always wash their hands, so you need a keyboard that can be washed frequently.

100% Spillproof
Accidents happen. Small spills, big spills, even complete submersion- Seal Shield™ can handle it. Whenever accidents happen, or just to keep the keyboard clean, rinse it off under the faucet, soak in the sink, or put it in the dishwasher. Your keyboard comes out clean and ready to use.

Dishwasher Safe
Seal Shield™ keyboards are easy to clean. Just put them in the dishwasher to thoroughly clean and disinfect the unit. Laser etched keys will not fade during washing. Exclusive Quick Connect™ feature makes it fast and easy to go straight from the desktop to the dishwasher for cleaning.

Silver Seal™ Antimicrobial Protection
Silver ions embedded in the plastic provide antimicrobial protection and resist microbial growth and spread of odor-causing bacteria. Safe and effective.

Good Housekeeping Seal of Approval
The Seal Shield™ keyboard with Silver Seal™ protection has earned the seal after evaluation or review by the Good Housekeeping Research Institute.

Compatibility: PC (Vista™, Windows XP™) and Mac (OS X 10.5+, USB, CD-ROM)
Keyboard Size: 465mm x 171mm x 33mm
Key Layout: 107
Key Switch: Membrane key switch with tactile feedback
Keycaps Type: Laser etched
Life Cycle: 10 million strokes
Power Data: Input power: +5v dc 10% low power consumption
Connector: USB Gold, PS/2 adapter included
Switch Force: 55gf 10gf
EMI: FCC Class B, CE
Key Elasticity: 55 ± 8g
Total Key Travel: 3.0±0.5mm
Waterproof Capacity: 100% waterproof
